

Let's Pack the Pantry

UDC is a Title IX school that educates a large percentage of students who are the first generation in their families to attend college. Many do not receive financial support from their families and work one or two jobs to pay for transportation, books, lab materials, and school supplies.

Let's help them get off to a great start this year by packing their student pantry with school supplies and snacks listed below. Bring donations to the collection tables in the narthex on July 25 or drop them by the collection area outside Stone Hall on Sunday, July 25, between 1:00 and 3:00 pm.

The UDC Pantry has been one of the grateful recipients of NPC's generosity at the Great Day of Service and Neighbor Day, when we have donated hundreds of pounds of healthy snacks, food, and personal care items to the pantry so students can "shop" free of charge.

In 2020, NPC also gave \$5,000 to purchase refrigerators, shelving for canned and dry goods, bins, and carts for moving food around the student-managed pantry. Other funding from NPC has purchased a commercial size freezer chest, first aid kit, two stainless steel work tables and a stainless steel work station. Our investment convinced the UDC Board of Trustees to provide the pantry a larger more accessible space in the student center.

Small packs of trail mix or nuts

Healthy snack bars

Small fruit/applesauce cups

Cheese & Crackers

Pencils/Mechanical Pencils

Pens (various colors)

Highlighters (various colors)
